In relation to our interest rates, aggregate borrowing refers to total new residential ING borrowings, excluding commercial loans. To be eligible for Orange Advantage & Mortgage Simplifier LVR Based interest rates, the following conditions apply:

- Applications must be for a new loan with new security property to ING
- The interest rate applicable is based on the capitalised LVR including any applicable LMI.

Interest rate discounts for LVR 90% or less are available only for new to ING security property. If you apply to borrow more than 80% of the property value, you will be required to obtain Lenders Mortgage Insurance.

Fixed loans: If your customers select a fixed rate loan, break costs may be payable if at any time before the fixed term expires, your customers (1) pay out their loan or they make additional payments of \$10,000 or more in an anniversary year, (2) your customers ask us to make certain changes to their loan including their loan type, their repayment type, their loan purpose or their fixed interest period. Break costs may be substantial.

Fixed Rate Loans will revert to the current Mortgage Simplifier variable interest rate at the end of the fixed interest period. Important points to note:

- Where applicable LVR Based Interest Rates will apply.
- The interest rate discount that will apply at the end of the fixed interest period will be outlined in the customer's loan documentation

For this to apply, the original loan amount, loan purpose and LVR must be eligible for LVR based interest rates at the time of application.

*Comparison rates The comparison rate is based on a home loan amount of \$150,000 over a loan term of 25 years. **WARNING:** This comparison rate is true only for the examples given and may not include all fees and charges. Different terms, fees or other loan amounts might result in a different comparison rate.
